Liz Stephens

Junior Software Developer

After spending the last 10 years working in the public sector in a variety of public-facing and managerial roles, I decided to focus my attention on a new challenge.

I am currently in the process of completing a Diploma in Full Stack Software Development with Code Institute and plan to graduate from the course in May 2020.

I am looking forward to taking the skills and knowledge accumulated throughout this course and using them to positively contribute towards any future projects I collaborate in.

Education

Code Institute - Dublin, Ireland
Diploma in Full Stack Software Development
March 2019 to present day
